June 2024

Exceedance/Miss Damita colt

From the Stable

There looks to be plenty of excitement ahead for our class of 2023/24 yearlings and two olds (all unraced), just judging by what we have seen and heard so far from the breakers and at Cranbourne. Our Tarzino 2YO **ZINOVATION** has come along in leaps and bounds from his first prep earlier this year and just looks a completely different horse both physically and from a performance perspective. This guy was very new earlier in the year and his physicality basically prevented him from showing up (being a stayer) however given a spell and thriving throughout that spell at Adrian Park Wangaratta, **ZINOVATION** came back a completely different horse and showed excellent ability in his work. If you didn't know him any better you would have thought that he was from a sprinting stallion going about his work however being by Tarzino and clearly having a turn of foot is exciting to see and one would think that he will come back even better when he resumes work most likely somewhere towards the end of next month. **ZINOVATION** was one gallop from his barrier work and a trial so he got a heck of long way into last prep before feeling his shins and seeing him spelled. He is a lovely clean winded/good actioned horse who is very professional around the stable so he is certainly a horse you can black book when he indeed transitions to the races which will be either this next upcoming prep OR the following!

FLAVIUS, is another horse who got very close to the trials before falling just short due to shin soreness but has shown enough to suggest that he is a future winner in time. This guy has been working with a subsequent first up winner on the track and has been holding his own very nice in their work together so he has shown enough for his owners to be optimistic looking to the

future. A gorgeous homebred by Magnus, **FLAVIUS** has been maturing along physically all of the time and is at the gelding stage whilst he is currently spelling. The time out will do this guy well and he would be most likely looking to return to pre training sometime towards the end of next month and will be up and about come Spring time should his abilities dictates that a crack is warranted at a race during that prestigious time of the year!

THINK YA LOVE ME by So You Think out of our stakes producing mare in Loveyamaddy is on track to be arriving at Cranbourne very soon after her pre training stint at Wangaratta where she has done well. Had a recent setback which held her up for about 3 weeks however that has now all resolved and is ready to start seeing some action and having her workload increased. She was viewed as being physically/mentally immature when she last ventured down, however this current prep training prep has seen those traits improve no end and she is now ready to take the next step. She is a quite a big So You Think filly who has needed time and we have been patient with her all along which normally pays dividends, so hopefully we can have her long enough down at Cranbourne this time around to accurately assess her before she next spells.

One gorgeous filly who completed her breaking in with the Ledgers Mid May is our **TORONADO/BELLA AMORE** filly who is the first foal of the Metropolitan winner Bella Amore who herself is a half sister to the Stakewinners **IMMORTAL LOVE** and **I'MLOVIN'YA**. This filly is an absolutely cracking type who broke in to rave reviews from the Ledgers which is not something

that you traditionally hear from them having broken in horses for me for over 20 years so there is a great deal of optimism about this girl. If type has any say on her abilities she will be a star as she is an absolute belter of a first foal. This filly will most likely resume work at the end of the month/ early July and we will see what the next stage holds however from the breaking in stage 1 she was absolutely perfect in attitude, style and handled herself exceptionally well in a stable environment so a few boxes have been ticked off already! One colt that we will hear plenty from in the future I am sure is our **EXCEEDANCE/MISS**

DAMITA homebred colt who is growing out superbly at Sledmere Stud. This guy was clearly the pick of our 2023 homebred foals and is being retained by his Syndicate to race and with the success that **EXCEEDANCE** is currently having why wouldn't you. **EXCEEDANCE** has been represented by 2 Stakes winners this season in DUBLIN DOWN and FLYER AND the very impressive recent Rosehill Metropolitan winner SWIFFFALCON for Michael, Wayne and John Hawkes. He has sired 6 winners from only 16 runners to have hit the track and is currently sitting 7th by winners on the first season sires tables!

Tassort/Ghalia's Dream colt Adelaide Magic Millions

Tassort Colt Purchase

March 2024 at the Adelaide Magic Millions saw our first purchase of this year and we lucky enough to come away with a gorgeous colt by one of the hottest stallions in the land in **TASSORT** for \$82,000 just prior to MANAAL winning the GROUP 1 Inglis Sires so you can be lucky from a timing perspective as no doubt this colt would have fetched well over \$100,000 mark should he was offered at a subsequent sale after that outstanding win. Still, you can be lucky sometimes and this colt comes from an outstanding, traditional EMIRATES PARK themed pedigree where Stakes winners appear in every dam and speaking with EMIRATES PARK General Managaer Bryan Carlson post sale he commented that this colt is the exact replica of his very owned/bred and raced SANTOS who won a GROUP 2 Skyline Stakes and now is standing at stud. This colt broke in superbly with the Ledgers at Wangaratta and is

a very athletic, light on his feet colt who has a brain and showed a real energy to learn and go about his work at the breaking in stage which is lovely feedback to hear AND will resume work in the coming weeks. **TASSORT** has had an outstanding start to his stud career and is currently sitting second both by winners and by prizemoney on the first season sires tables with only TOO DARN HOT in front of him. His headline act is obviously the GROUP 1 Winning filly in MANAAL but **TASSORT** has also sired the stakes placed AMEENA (also a Metropolitan winner) and AD ASTRA as well as other Metropolitan winners in ASTAPOR, ONEMORETWOMANY and GOOD SORT! He is off to a cracking start at stud which has seen his service elevate from \$11,000 last season TO \$38,500 this season!!

I'mLovin'Ya Still Making Waves!

I'mlovin'ya Magic Millions Sale Photo

A great result it was with I'MLOVIN'YA selling to Widden Stud for \$650,000 at the recently concluded Magic Millions Gold Coast Broodmare sales for her Syndicate and it topped off a wonderful career both on the track and now in the sales ring. This filly was earmarked for sale the moment she retired from the track in an effort to get a return back for her wonderful ownership group and as she always did on the racetrack didn't disappoint in the sales ring. She was highly sort after being a dual Stakes winner herself and the decision was made after her failure first up in the LISTED Wylie Stakes back in September last year to immediately send her up to Royston at Sledmere Stud to prepare her for sale. She was given a good 9 months to let down from the track

and as her photo shows, it was the right decision for both the sellers and purchaser as she absolutely thrived and a credit to Royston and his team on the way that she presented at sale. This year has been a very tricky year for the selling of Yearlings, Weanling and Mares and a number of our Mares/Weanlings were on sold accordingly, however the top end has always held up and it is indeed terrific to see I'MLOVIN'YA head to such a prestigious farm as Widden Stud and to be booked to their Champion stallion in ZOUSTAR for year 1 of what we hope will be a long and illustrious breeding career ahead! Congratulations indeed to her Syndicate for her success which saw her earn just on \$200,000 on the track and now \$650,000 in the sale ring!!

Broodmares

LOVEYAMADLY - In foal to I AM INVINCIBLE and booked this season to ACROBAT

BELLA AMORE - In foal to CAPITALIST and booked this season to TASSORT

Tornado/Bella Amore filly
